EVENT TICKETS (within the 40 countries and territories that Cartan Tours serves as the official ATR)

The London Olympic Organizing Committee (LOCOG) has indicated to all ATRs that international public ticket sales are scheduled to begin in either March or April, 2011. We are currently completing the ticket ordering process with LOCOG and anticipate receiving our initial allocations per country in February, 2011.

Since it is anticipated that several of the Games ticket requests for all events will be oversubscribed, Cartan Tours will initially accept all ticket orders during the second quarter of 2011 and then conduct a lottery for available tickets during the third or fourth quarter of 2011.

Individuals interested in ordering 2012 tickets should send an email to Cartan Tours at info@cartanglobal.com and indicate complete address, telephone and country information in their message. They can also contact our office at **+1.310.546.9662**.
